

## Computer Task Group, Incorporated Announces Final Results of its Modified “Dutch Auction” Tender Offer

April 20, 2018

### Company Will Acquire 1,530,990 Shares at \$8.85 Per Share

BUFFALO, N.Y., April 20, 2018 (GLOBE NEWSWIRE) -- **Computer Task Group, Incorporated**(NASDAQ:CTG), a leading provider of information technology (IT) solutions and services in North America and Western Europe, today announced the final results of its modified “Dutch Auction” tender offer, which expired at midnight, Eastern Daylight time, at the end of the day on Monday, April 16, 2018.

Based on the final count by the depository for the tender offer, CTG accepted for payment an aggregate of 1,530,990 shares at a purchase price of \$8.85 per share. Because the number of shares tendered at or below the \$8.85 purchase price exceeded the amount that CTG offered to purchase, the resulting proration factor, after giving effect to the priority for “odd lots,” was approximately 89.9% percent. The depository will promptly pay for all the shares accepted for purchase and will return all other shares tendered.

The tender offer was made pursuant to CTG’s Offer to Purchase dated March 16, 2018, and the related Letter of Transmittal, in which the Company offered to purchase up to 1,530,990 shares of its common stock at a price per share not less than \$8.05 and not greater than \$9.00, which documents were filed with the Securities and Exchange Commission on March 16, 2018.

CTG may purchase additional shares in the future in the open market subject to market conditions as well as through private transactions, tender offers or otherwise. Under applicable securities laws, however, CTG may not repurchase any shares until May 1, 2018. Whether CTG makes additional repurchases in the future will depend on many factors, including but not limited to its business and financial performance, the business and market conditions at the time, including the price of the shares, and other factors CTG considers relevant.
