

## Romulo Juarez Joins CTG as Managing Director of Delivery, Health Solutions and Life Sciences in North America

January 30, 2019

BUFFALO, N.Y., Jan. 30, 2019 (GLOBE NEWSWIRE) -- **CTG (NASDAQ: CTG)**, a leading provider of information technology (IT) solutions and services in North America and Western Europe, announced today that Romulo Juarez, MBA, PMP, has joined the leadership team of the Company's North American Health Solutions line of business. As Managing Director, Delivery, Juarez will focus on developing and deploying innovative solutions that drive value for CTG and its clients.

"Romulo's addition to CTG's Health Solutions leadership team comes at a pivotal time in U.S. healthcare when federal mandates and an industry transformation to digital are accelerating the need for consulting expertise in analytics, population health, and optimizing EHRs for value-based care," said Rob Barras, CTG's Vice President of Health Solutions. "His proven experience in developing enterprise-wide strategies and solutions for major healthcare systems, payers, pharmaceutical companies, healthcare information exchanges, and other healthcare organizations will be exceptionally valuable as we continue to expand our work to help clients move the needle towards value-based care."

Juarez brings more than 25 years of experience in developing and delivering digital health strategies, technology implementations, and clinical adoption solutions to global healthcare organizations and federal agencies. He joins CTG from Sialom Consulting where he served as the Michigan Healthcare Lead, Client Service Partner. His experience also includes executive positions with Accenture, Deloitte, and Medical Systems Partners, which he co-founded; and additional healthcare leadership experience at CSC, MARCHFIRST, and HP.

Juarez has worked with healthcare systems in more than twenty countries across North America, Europe, Asia, and South America. Juarez received his undergraduate degree in Economics, Marketing, and Finance from Campbell University, his Master in Business Administration from California Lutheran University, and an Executive Leadership certification from Yale University. He has been Project Management Professional (PMP) certified since 2004 and serves on several state advisory boards. He also served on the board of STEM for the State of Michigan and the U.S. Army, Special Operations, PSYOP, in the First Gulf War.

Juarez will join the CTG Health Solutions team at the HIMSS19 Global Conference and Exhibition in Orlando, Florida on February 11-15, 2019.

### About CTG:

CTG provides industry-specific IT services and solutions that address the business needs and challenges of clients in high-growth industries in North America and Western Europe. CTG also provides strategic staffing services for major technology companies and large corporations. Backed by more than 50 years of experience and proprietary methodologies, CTG has a proven track record of reliably delivering high-value, industry-specific staffing services and solutions to its clients. CTG has operations in North America, Western Europe, and India. The Company regularly posts news and other important information online at [www.ctg.com](http://www.ctg.com).

### Safe Harbor Statement

*This document contains certain forward-looking statements concerning the Company's current expectations as to future growth, financial outlook, business strategy and performance expectations for 2018 and three-year performance targets, a share repurchase program, and statements related to cost control, new business opportunities, financial performance, market demand, and other attributes of the Company. These statements are based upon the Company's expectations and assumptions, a review of industry reports, current business conditions in the areas where the Company does business, feedback from existing and potential new clients, a review of current and proposed legislation and governmental regulations that may affect the Company and/or its clients, and other future events or circumstances. Actual results could differ materially from the outlook guidance, expectations, and other forward-looking statements as a result of a number of factors, including among others, the availability to the Company of qualified professional staff, domestic and foreign industry competition for clients and talent, increased bargaining power of large clients, the Company's ability to protect confidential client data, the partial or complete loss of the revenue the Company generates from International Business Machines Corporation (IBM) and/or SDI International (SDI), the ability to integrate the Tech-IT and Soft Company businesses and retain their clients, the uncertainty of clients' implementations of cost reduction projects, the effect of healthcare reform and initiatives, the mix of work between staffing and solutions, currency exchange risks, risks associated with operating in foreign jurisdictions, renegotiations, nullification, or breaches of contracts with clients, vendors, subcontractors or other parties, the change in valuation of capitalized software balances, the impact of current and future laws and government regulation, as well as repeal or modification of such, affecting the information technology (IT) solutions and staffing industry, taxes and the Company's operations in particular, industry and economic conditions, including fluctuations in demand for IT services, consolidation among the Company's competitors or clients, the need to supplement or change our IT services in response to new offerings in the industry or changes in client requirements for IT products and solutions and other factors that involve risk and uncertainty including those listed in the Company's reports filed with the Securities and Exchange Commission as of the date of this document. Such forward-looking statements should be read in conjunction with the Company's disclosures set forth in the Company's 2017 Form 10-K, which is incorporated by reference, and other reports that may be filed from time to time with the Securities and Exchange Commission. The Company assumes no obligation to update the forward-looking information contained in this release.*
