

## CTG Earns Designation as a Great Place to Work-Certified™ Company 2019 in the U.S.

December 12, 2019

BUFFALO, N.Y., Dec. 12, 2019 (GLOBE NEWSWIRE) -- [CTG](#) (NASDAQ: CTG), a leading provider of information technology (IT) solutions and services in North America and Western Europe, announced today that it is Great Place to Work-Certified™. Achieving this designation validates the rewarding workplace culture that has made CTG a leading IT services and solutions company for more than 50 years.

This certification is based on information provided through an extensive Culture Brief completed by the Company and an anonymous survey completed by U.S. employees that covers a wide range of topics, including company culture, challenges, rewards, communication and leadership. The Great Place to Work® employee survey results demonstrated that seven out of ten employees agreed that they have a very positive work experience at CTG, are fairly treated, feel safe in their work environments, and that management trusts them to do their job.

"We are thrilled to be Great Place to Work-Certified™ in the U.S.," said Filip Gydé, CTG's President and Chief Executive Officer. "We have participated in this program for many years in Belgium, Luxembourg, and the U.K., and I'm pleased that we've now added the U.S. to our list of certified workplaces in our first year of participation."

Gydé continued, "There are many reasons that CTG devotes significant time and resources to this survey process and the follow-up work that comes after. Our mission and vision affirm our desire to cultivate a workplace that attracts and develops the best people, and being Great Place to Work-Certified, further solidifies this vision. More importantly, these surveys provide an opportunity for our staff to give anonymous feedback on a wide variety of topics and actively participate in the continuous improvement of CTG's work environment. I have long held that 'Happy People Produce Quality' work. A critical part of being happy at work is knowing that you have a voice and that your voice is heard."

Great Place to Work is the global authority on workplace culture. Since 1992, they have surveyed more than 100 million employees around the world and used the deep insights gained to define what makes a great workplace: trust. Great Place to Work helps organizations quantify their culture and produce better business results by creating a high-trust work experience for all employees. Their benchmark data is used to recognize Great Place to Work-Certified companies and Best Workplaces™ in the U.S. and more than 60 countries, including the 100 Best Companies to Work For® and World's Best list published annually in *Fortune*.

"Being certified as a Great Place to Work is very important because we know that when our employees have a high-trust experience with CTG, they stay longer, are more productive, and drive better business results for our clients," said Elizabeth Savino, CTG's Vice President, Human Resources. "We are very excited about adding the United States to CTG's list of Great Place to Work-Certified™ operations for 2019."
